

Continental Boulevard, Camp Sargent Road, Amherst Road, and Turkey Hill Road Water System Improvements

June 8, 2011 to July 1, 2011

Alternate traffic patterns and one lane traffic are anticipated at work areas. Vehicle operators should be alert when entering areas where workers and equipment are in the roadway. Please follow DETOUR signs, or seek alternate routes to minimize inconvenience to and from travel destinations. (See maps below for work zone areas).

Work Zone 1

New 16" ductile water main on Turkey Hill Road will be installed. Tentative schedule:

- From West Chamberlain Road to Meetinghouse Road – In progress through week of **June 13, 2011**
- From McQuestion Road to the water storage tank –week of **June 20, 2011**
- Service connections, side street connections, and property restoration –week of **June 27, 2011**

Temporary service interruptions will be necessary during the connections and should not last more than a few hours. The Contractor will provide advance notification to each resident prior to service interruptions.

Work Zone 2

Final pavement restoration will be completed. Tentative schedule:

- Continental Boulevard and Camp Sargent Road – Completed by **June 10, 2011**
- Amherst Road – by Town, schedule **TBD**
- Turkey Hill Road from Amherst Road to Summit Drive - week of **June 13, 2011**.

General Info: Call Resident Engineer, Dave Foster with questions or comments at the field office trailer (603 262-1618) or cell phone (603) 828-3519. The field office answering machine message will be updated regularly with the project status.

Approx. Limits
of Project

- Notes**
- **Look for Detour Signs**
 - **Watch for equipment and personnel in streets**
