

Continental Boulevard, Camp Sargent Road, Amherst Road, and Turkey Hill Road Water System Improvements

April 18, 2011 to July 31, 2011

Alternate traffic patterns and one lane traffic are anticipated at work areas. Vehicle operators should be alert when entering areas where workers and equipment are in the roadway. Please follow DETOUR signs, or seek alternate routes to minimize inconvenience to and from travel destinations. (See maps below for work zone areas).

Work Zone 1

New 16" ductile water main on Turkey Hill Road will be connected from the West Chamberlain Road to Meetinghouse Road and from McQuestion Road to the Water Storage Tank on Turkey Hill Road. Side street connections and service connections to houses will be completed. Water main installation is tentatively scheduled to begin the week of May 19, 2011.

Temporary service interruptions will be necessary during the connections and should not last more than a few hours. The Contractor will provide advance notification to each resident prior to service interruptions.

Work Zone 2

Private property restoration will be completed in previously disturbed work areas along Turkey Hill Road, Amherst Road, Camp Sargent Road, and Continental Boulevard. Restoration efforts are scheduled to begin the week of April 25, 2011 and be completely restored no later than May 15, 2011. Final pavement restoration is tentatively scheduled for June 2011.

General Info: Call Resident Engineer, Dave Foster with questions or comments at the field office trailer (603) 262-1618 or cell phone (603) 828-3519. The field office answering machine message will be updated regularly with the project status.
